BRAD REESE PROMOTED TO SKELLY AND LOY TECHNICAL SERVICES MANAGER

HARRISBURG, PA - August 19, 2019 – Skelly and Loy is pleased to announce the promotion of Brad Reese to Technical Services Manager in the firm's Pittsburgh office.

Mr. Reese has more than 15 years of experience in the engineering and environmental consulting profession in the public and private sectors. He performs a variety of roles for Skelly and Loy, including Geographic Information Systems (GIS) management and analysis; computer-aided design (CAD); and management and administration of the IT systems in the Pittsburgh, Pennsylvania, and Morgantown, West Virginia offices. He is proficient in ESRI and Bentley Systems software and has significant experience in mapping production and GIS data analysis. He also supervises, monitors, and evaluates work performed by junior GIS staff to ensure that organization standards and quality assurance are met. Mr. Reese is experienced in website design and excels in document control, field survey logistics, and data collection. He earned a Bachelor of Arts in Urban Planning from the University of Pittsburgh with a Minor in Architectural Studies.

Celebrating its 50th year, [Skelly and Loy](http://www.skellyloy.com) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
