SKELLY AND LOY WELCOMES JOSEPH MONHEIT TO ITS HUNT VALLEY OFFICE

HARRISBURG, PA – December 22, 2016 – [Skelly and Loy](#) welcomes [Joseph H. Monheit](#) (Joey) to its Hunt Valley office.

Mr. Monheit is a Project Manager, responsible for environmental compliance services, environmental construction, and stream restoration and mitigation. His diverse experience spans the life cycle of highway and mitigation projects, including data collection, design development, environmental construction compliance inspection, and post-construction monitoring. He has a working knowledge of the Maryland State Highway Administration Erosion and Sediment Control Quality Assurance Program, including the QA Inspection Form, the QA Toolkit, the OOC62 process, the EM Tool Kit, and EM Handbook and processes. Mr. Monheit's familiarity with wetland delineation and hydrology is an asset in assisting with permitting and construction of wetland mitigation, stream restoration, and BMP retrofit projects.

Mr. Monheit earned a Bachelor of Science degree in Environmental Health Science from Salisbury University. He holds Maryland Department of the Environment Yellow Card certification in Erosion and Sediment Control, and has 40-Hour (1987 USACE Manual) Wetland Delineation Training and Wetland Plant Identification.

Now in its 47th year, [Skelly and Loy](#) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
