ENVIRONMENTAL SCIENTIST KATHLEEN GRKMAN JOINS SKELLY AND LOY

HARRISBURG, PA - January 19, 2018 - Skelly and Loy welcomes Kathleen E. Grkman, Environmental Scientist to its staff. Ms. Grkman will assist in wetland delineations and threatened and endangered species studies, prepare environmental permit packages and technical reports, and monitor environmental permit compliance. She is currently working on an Aquatic Resources Report for a bridge replacement in Crawford County, Pennsylvania, and data collection for an upcoming cave and portal survey in West Virginia.

Ms. Grkman's work experience is primarily in the energy sector for oil and gas and electric transmission projects. She has conducted environmental inspections of pipelines and compressor stations in Pennsylvania, Ohio, and Indiana; wetland delineations in Pennsylvania and Indiana; National Environmental Policy Act (NEPA) documentation for the Bureau of Indian Affairs and the National Park Service; and environmental permitting and coordination with federal, state, and local agencies. She also has experience in environmental education and wildlife rehabilitation and has received bat survey training.

Ms. Grkman earned a Bachelor of Science degree in Biology with a minor in Environmental Writing at Allegheny College. She has Wetland Professional in Training (WPIT) certification from the Society of Wetland Scientists, and is a member of The Wildlife Society.

Now in its 48th year, [Skelly and Loy](http://www.skellyloy.com) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
