SKELLY AND LOY WELCOMES KEITH T. GEORGE, CPESC Environmental Compliance Monitor to Work With FirstEnergy

HARRISBURG, PA - September 15, 2017 - Skelly and Loy welcomes Keith T. George, CPESC® (Certified Professional in Erosion & Sediment Control™), to its Environmental staff.

Mr. George is assisting FirstEnergy with its environmental permitting and compliance needs on their many electrical transmission and distribution line maintenance projects, substation upgrades, and other related construction projects. He helps to analyze the potential environmental risks associated with these projects and determine the appropriate environmental survey and permitting requirements, and works with consultants to ensure that the applicable environmental surveys are conducted and the required environmental permits are obtained before construction begins. He also helps to monitor compliance issues on active construction projects.

Mr. George earned a Bachelor of Science degree in Environmental Resource Management from The Pennsylvania State University, with Minors in both Environmental Soil Science and Watershed and Water Resources.

Now in its 48th year, [Skelly and Loy](http://www.skellyloy.com) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
