GEO-ENVIRONMENTAL SCIENTIST MALLORY SHILLING JOINS SKELLY AND LOY

HARRISBURG, PA - November 22, 2017 - Mallory Shilling has joined Skelly and Loy as a Geo-Environmental Scientist. Ms. Shilling assists with site evaluations, research, field sampling, and technical report preparation for all phases of Environmental Site Assessments. She also conducts necessary sampling and oversight of emergency spill cleanup through PennDOT Agency wide contract.

Ms. Shilling has completed underground storage tank removal site assessments and necessary reporting through Pennsylvania Department of Environmental Protection (PA DEP). She also has experience with environmental sampling, data evaluation, and report preparation as part of the PA DEP Act 2 Environmental Cleanup and Brownfields Program.

Ms. Shilling earned a Bachelor of Science degree in Environmental Biology with a Minor in Environmental Geology from Edinboro University of Pennsylvania. She is a member of the Geological Society of America, Society of Women Environmental Professionals (SWEP) Three Rivers Chapter, and American Society of Highway Engineers Franklin Section.

Now in its 48th year, [Skelly and Loy](http://www.skellyloy.com) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
