SKELLY AND LOY WELCOMES ENVIRONMENTAL SCIENTIST STEPHANIE DINELLO TO ITS GEO-ENVIRONMENTAL STAFF

HARRISBURG, PA – July 10, 2018 - Skelly and Loy welcomes Stephanie R. Dinello, Environmental Scientist, to its Geo-Environmental Services Group.

Ms. Dinello's responsibilities include collecting air samples, bulk sampling, and interpretation of analytical recommendations. She performs project oversight services and Phase I and Phase II environmental site assessments; field sampling for asbestos, lead, mold, and surface ground water; UST removal; and chain-of-custody verification. She has experience with pre-blast/pre-construction and post-blast/post-construction inspection surveys of homes and commercial buildings, installing and servicing remote seismographs for surface mining, direct monitoring of vibrations produced by construction activities, geophysical monitoring, stray gas investigations and spill response to determine potential environmental influence, and sound studies, including ambient and noise produced by well pads.

Ms. Dinello earned a Bachelor of Science degree in Environmental Geology from Edinboro University of Pennsylvania.

Now in its 49th year, [Skelly and Loy](http://www.skellyloy.com) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
