PAUL J. DEANGELO PROMOTED TO VICE PRESIDENT

Will Manage Harrisburg Environmental Services

HARRISBURG, PA – February 27, 2017 – [Paul J. DeAngelo](#) was recently promoted to Vice President and Manager of the Harrisburg Environmental Service Group. In this new role, Mr. DeAngelo will be responsible for the vision, direction, productivity, budget, staff development, and quality assurance for this group.

“We are very happy to recognize Paul’s strong work ethic and dedication to the company,” said Sandra K. Basehore, the firm’s Executive Vice President of Environmental Services.

“Paul has been a thorough, conscientious, and reliable part of the Harrisburg Environmental team fabric, and has consistently ensured responsive quality to internal and external clients.”

For more than 25 years, Mr. DeAngelo has been performing professional ecological services for environmental assessments in compliance with the National Environmental Policy Act and for United States Army Corps of Engineers (USACE) Section 404 and PA DEP Chapter 105 permit authorizations. He managed technical aspects of wetland and aquatic resource projects and served as Project Manager and/or Principal Investigator on more than 300 projects throughout Pennsylvania and the eastern United States. Mr. DeAngelo earned a Bachelor of Science degree in Environmental Biology from Millersville University, a Master of Science degree in Environmental Pollution Control from The Pennsylvania State University, and is a USACE Certified Wetland Delineator.

Now in its 48th year, [Skelly and Loy](#) is an engineering-environmental consulting firm serving public and private sector clients from six Mid-Atlantic offices. Our services include civil, environmental, and mining engineering and permitting activities; National Environmental Policy Act (NEPA) compliance studies; natural resource management and protection; hazardous waste and industrial hygiene studies and remediation planning; and cultural resource studies and documentation.
